Dear Colleagues,

The board of the BVS/SBS invites you and your colleagues to our 2027 annual conference.
This year's meeting will focus on **"Enhancing efficacy: tailoring breast cancer screening and treatment"**, bringing together leading experts to discuss innovative approaches to personalized breast cancer care. The program will explore how screening strategies and treatment pathways can be optimized to improve outcomes while addressing the individual characteristics and needs of each patient.
We sincerely hope that you will be able to join us again this year!
